

Let Lichtefeld "handle the business of building" while you "handle building your business"!

## SHELBY COUNTY EXTENSION OFFICE

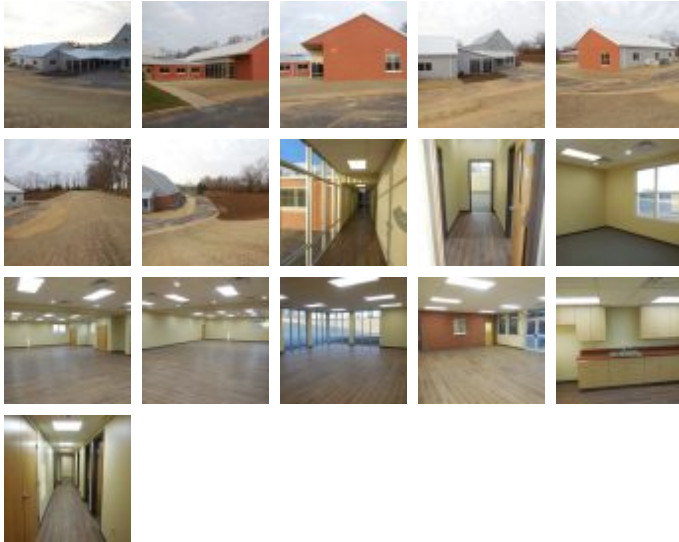

### Office Buildings, Public Services Buildings

Square Feet : 5,300 s.f.

Project Location : 1117 Frankfort Road, Shelbyville,  
Ky. 40065

Contruccion Dates : 4-23-2019 thru 10-23-2019

End User : Office

This 5,300 s.f. building addition will add two conference/project rooms, two large storage rooms, an executive conference room, a day room for collaborative exercise, and 720 s.f. of interior remodel. This building will have a separate entrance for private after hours use. The structure is similar to the existing facility in that the shell is wood framed, batt insulated, wood decking, metal architectural standing seam roof, drywall, painted, vinyl plank flooring, rubber base, folding partition walls, store front glass entrances, brick veneer, and vinyl siding.

This project was designed and built by Lichtefeld, Inc. partnered with The Works architects.
